Subject: RE: Exceptional Events Demos

Hi Sean,

We just received an email from Ben Gibson at OAQPS clarifying the due dates for 2016 O3 EE demos. The blue bullet points below are from his email.

- *□□□□□□□□ The submittal date for 2016 exceptional events demonstrations for data year 4 (for 2015 O3, that is 2016) events that potentially influence a 2014-2016 DV was May 31, 2017. This date stands because the notification letters to governors was sent out on June 6 (after the May 31, 2017 due date).*
- *□□□□□□□□ However, because, as of June 6, we are operating under a 3-year designations schedule, demonstrations for year 4 (i.e., 2016) and year 5 (i.e., 2017) events that potentially influence a 2015-2017 DV, must be submitted by May 31, 2018.*
- *□□□□□□□□ My understanding is that we are still not certain which data years will be used to calculate DVs for 2015 O3 designations.*

If you have any immediate thoughts or questions, feel free to call me today (I'll be in my office until 4:15). Otherwise, Kia should be in the office tomorrow, so maybe the three of us can discuss how this might affect PA's demos.

Best,

Verena

Hi Sean,

Thank you for the update. Kia and I will touch base when she is back in the office.

Best,

Verena

Hi Verena,

Thanks for the email. I wanted to let you know that I spoke to Kia this past Friday. This is what we discussed...

I was on the NACAA Criteria Pollutant Committee conference call this past Wednesday. Rhea Jones with OAQPS talked about exceptional event (EE) analyses. Due to the one year delay in the designation process for the 2015 ozone NAAQS, Rhea stated that there was also a delay with respect to when the EE analyses would be due for 2016 ozone data. This date was bumped to May 31, 2018 (the same date for EE analyses for 2017 ozone data).

When Kia gets back into the office, she will be scheduling a call with monitoring and planning staff to discuss next steps.

In the meantime, let me know if you have any questions.

Thanks,

Sean

Hi Sean,

I did not receive any exceptional events demos from you. If you sent them to Kia, would you mind forwarding them to me as well?

I hope you have a nice fourth of July!

Best,

Verena Joerger
